Pocahontas County Items.

We take the following items from the Pocahontas *Times* of last week:

When the *Courier-Journal* offered its prizes for the best guess at the vote of the last campaign, Mr. Henry Barlow, of Edray, made a calculation on which he based his figures for the entire vote of the United States, for which $10,000 was offered to the nearest guesser. He put the amount down in a day-book and it is now that if he had sent it in, accompanied with the almighty dollars, he would undoubtedly have won the grand

We have considerable sickness in this neighborhood. Mrs. Maggie Kelly is lying dangerously ill. Messrs. H. W. Burgess, J. B. Kennison and Marshall Peyatt are slowly recovering. Capt. W. L. McNeil still suffers a great deal from indigestion and heart trouble, but notwithstanding the Captain's indisposition his mind is remarkably clear, and his buoyancy of spirits and fondness for a good joke are just as characterstic of him as ever.

It is with pain that we announce the death of Mrs. Virginia Peyatt, who died at her residence here on last Friday morning, the 8th int., in the 76th year of her age. Although she had been in feeble health for a long time her death, preceded as it was by only three days sickness, was a shock to the community. She was greatly attached to her husband, Mr. Marshall Peyatt, whose snowy locks and tottering frame remind us that he must soon join her in the great beyond. Her married life covers a period of 57 years, and during that time she and her husband haye lived most happily. In fact a more affectionate couple never lived. She had been a member of the M. E. Church, South, for many years, and was a good woman, circumspect in all the walks of life and highly esteemed by all who knew her. Three children—Mrs. Lizzie Isbell, of this place, and Wm. and

Three children—Mrs. Lizzie Isbell, of this place, and Wm. and Lee Peyatt, of Kansas—survive her.—Her remains, followed by a large concourse of sorrowing friends and relatives, were interred with impressive ceremonies in the Oak Grove cemetery near here on last Saturday, the 9th inst. Peace to her ashes.

Coal has been discovered on the land of Margaret Renick, colored, who lives about 2 miles from here on the Greenbrier river. The outcroppings indicate good coal and a vein of considerable thickness. If the coal is good and plentiful, it will pay the parties who own it to develop it, as the people of our town and surrounding country who get their coal from points so remote, and of such poor quality, would consume large quantities of it. The spot where the coal is found is more inviting to the lover of nature's freaks than to the miner, but it can be easily gotten out.

At a session of the County Court held last week all of our county officials, who were elected last fall, qualified and gave bonds. The bond required of our Sheriff, Mr. R. W. E. H. Moore & Co. purchased last week from Mrs. Nannie Beard a turkey gobler, which weighed 30 lbs. and 1 ounce. It required a string 10½ inches to reach around his thigh next the body.

Yours truly,

Washington, D. C., *Jan. 20th*, '97.

Hillsboro, Pocahontas County, Items.

The thermometer registered 4° below zero on last Monday morning, and those who have ice-houses are filling them with ice about four inches thick.

The grip is prevailing to an alarming extent throughout this section of country. Every member of some households is stricken with it, one not able to wait upon the other. It clings to its victims with wonderful tenacity, and on the cupboard shelf vials of medicines, cups of boneset and lifeeverlasting, teas and mustard plasters remind one that it requires heroic treatment to loosen its hold. To the dwellings of the well to do and the cabin upon the mountain side our physicians are going day and night administering relief to the afflicted ones. We are glad to state that we have no very serious cases at present.

Mr. Wm. Pritt, who lived a short distance from here, died on last Thursday, the 21st, from paralysis, aged about 65 years. He leaves a wife and several small children. He had been a hard worker during his lifetime, and at such

clearing land had few equals. On the hill sides and on the low lands are small tracts of land from which his sturdy axe removed the heavy timber, and which will ever stand as monuments to his memory.

Mr. D. A. Peck received a letter from his brother, who lives in Nicholas county, stating that John McClung, who liyes near him, and who has been in bad health for some time past, had ordered his coffin, and made all neccssary preparation for his burial. Mr. McClung evidently has strange notions about things. He might possibly be able to write his name in the dust on his coffin yet before he crosses the dark and rolling river of death.

Subscription papers can be found at the stores of E. H. Moore & Co. and E. I. Holt, soliciting subscriptions of money to build a fence around the McNeil cemetery. This is a move in the right direction. It is something we are nearly all interested in, and something that has been sadly neglected.—We are grieved to see so few names on the papers. Can it be possible that there is any one who will refuse to contribute 25 or 50 cents? Can we believe there are persons in this community so

right direction. It is something we are nearly all interested in, and something that has been sadly neglected.—We are grieved to see so few names on the papers. Can it be possible that there is any one who will refuse to contribute 25 or 50 cents? Can we believe there are persons in this community so lost to a sense of duty to the dead—so lost to the memory of the sweet ties and associations that bind them to loved ones—as to refuse to lend a helping hand to this worthy movement? God forbid. Go to the McNeil cemetery and note its condition, look at the rotten, tumble down fence, through which horses and cattle pass in and out at will; look at the once nicely-rounded mound, upon which loving hands had planted beautiful flowers, disordered and trampled flat; look at the broken tombstones and the brush, briars and weeds growing in wild profusion—who of us can look emotionless, indifferent and without indignation upon such a scene? Isn't it a burning shame—a blight and a mildew upon the good name of our community. Let us remove it. Let us build the fence and fix up the graves of our loved ones who have passed away. We leave the matter with the good, the intelligent, the Christian people of this community.

On last Saturday morning the thermometer registered 12° below zero—the coldest we have had.

For three days last week the Greenbrier river near the mouth of Stamping Creek presented a scene of wonderful activity. There were 40 men engaged in cutting ice and 30 teams hauling it away to the ice-houses. The noise made by the men, horses, wagons, saws, axes and hoes was immense. Great merriment prevailed among the ice-cutters, not one seeming to mind the freezing ice or the cold biting wind, and when an unfortunate one slipped and fell on the ice or into the vat, from which it had been cut, the whoops and yells that were indulged in at his discomfiture could be heard for miles up and down the river. Mr. Lee Clark by some mishap or other got wet and his mitten froze to his hand and one of his

point is wide and deep, making it an excellent place to get large quantities of ice. The ice gotten was from 4 to 11 inches in thickness. There was more of it put up this season than we have ever known in the history of ice getting here.

The dread monster death still continues to visit us, taking one here there. Mr. Harvey Curry, an aged and highly respected citizens of Green Bank, died suddenly at his home there on Wednesday, the 24th ult. We have not been able to learn the particulars of his death. His son, Geo. R. Curry, living close here, did not hear of his death in time to attend the funeral obsequies.

Mr. Richard Mathers died at his home near Mill Point, from grip, on Tuesday, the 26th. He was an old man, presumably about 75 years of age, and, though somewhat eccentric, was a good man, possessing many admirable traits of character. He was unmarried and has

workman. His remains were laid to rest in the Marvin Chapel cemetery on last Thursday, the 28th.

A colored woman, the wife of Charlie Sprow, liying on Mr. Cameron Clark's place, near town, died on the 26th ult., from a cancerous disease of the stomach, aged about 30 years.

There was considerable excitement here on last Saturday, the 30th, over a law case of John Cleek and Geo. McComb. It seems that a cow belonging to Mr. Cleek had been trespassing on Mr. McComb's lands, and his boy so beat her up with a stick and cut her with a corn cutter that she died soon after from the injuries inflicted. Mr. Cleek sought redress at the hands of the law, and was given a hearing along with McComb before Justice G. R. Curry.—Attorney W. A. Bratton, of Marllnton, appearing for the defendant. With the large number of witnesses on both sides

Curry's office was tramped clear out of sight. After an impartial hearing of the evidence on both sides, the case was decided in favor of Cleek, and a judgment given him for $25 and costs. McComb, not being satisfied, appealed to a higher Court.

The case of Wade and Williams was also disposed of. K. O. Wade has the contract for keeping in repair and collecting the toll on the road over which John Williams' mail contractor carries the mail from Falling Spring to Academy. Williams refused to pay his toll. There differences were settled by a compromise, Williams agreeing to pay Wade $25 and the costs.

In the next issue of the INDEPENDENT we hope to see the Groundhog's report of the weather for the next six weeks.

The difference between a weather vane and a prominent Marlinton man is this: The former shifting to the four points of the compass foretells the weather. While the latter shifting to the four points of the compass foretells matrimony.

We have had a heavy rainfall, which, with the melting snow, has made big waters. The river is breaking over its banks in some places, and grave fears are entertained that property along its course will be damaged ere it subsides.

One of the saddest deaths that has occurred in our town for some time was that of little Herbert, son of Dr. and Mrs. J. A. Larue, who died at his home half past three o'clock on last Saturday morning, the 20th, in the 12th year of his age. The evening before he was unusually cheerful, and did not complain in the least of feeling unwell. The next morning he was lying in the cold embrace of death. Although his health had not been good for some time his death was unexpected at the time and its suddenness a great shock to the whole community. Epilepsy, accompanied by paralysis, was the cause of

the tenderest sympathies of the heart. All day long the house of mourning was crowded with people looking for the last time upon the dear little fellow and trying to console the bereaved ones. His remains were interred in the Oak Grove cemetery on Sunday, the 21st with impressive ceremonies. The bereaved family have the heartfelt sympathy of the entire community. Let them rejoice in the consolation that he is "Safe in the arms of Jesus."

Wm. Mann, of Edray, and Miss Virdie B. Clark, of Hillsboro, were married at the residence of the bride's mother, on last Wednesday morning, the 17th inst., by Rev. W. T. Price, of Marlinton. Last week Bob Fitzsimmons pounded Jim Corbett into submission in the prize ring at Carson City, Nev., another revolting exhibition of brutality and immorality that has shocked every body in the whole country except the pugnacious violators of the law and good morals who engage in it and sanction it. That prize fighting is a growing evil in this country no one can deny, and that its influence is most immoral and debasing no one can deny. It behooves the authorities in every part of the country to be wide awake to this evil and stamp it out at its inception. It is demoralizing and offensive to the spirit of religion and civilization. It should be abolished, and we can help do it by joining in the public opinion that condemns the degrading and brutal practice. If it isn't

it became frightened and threw him, his foot hanging in the stirrup. He was dragged about the place for several minutes before he could extricate his foot. His cries brought a good many persons to the scene of the accident, and he was picked up and carried into a house near by. Dr. F. J. McClintic was sent for and upon examination found two of his ribs broken on the left side and some other slight bruises about the body. His injuries, while very painful, are not regarded dangerous by his physician. He was sent home on a sled, and is getting along as well as could be expected.

To see a cat or dog catching mice is a common sight and we pay but little attention to it, but when a bird, and especially a small one, is found mousing, we at once become interested and regard it as a strange and uncommon thing. J, W. Beard, while having some corn husked recently, noticed a small bird sitting on a corn shuck near by. Thinking strange of it being so near where his hands were at work he watched it and found that it was catching mice. When a mouse was found uncovered by the removal of a corn shock the bird would swoop down on it, hammer it to death with its beak, and fly away with it. In a short time it would return to where the men were at work. And during the time they were engaged in husking corn it followed them from place to place, out of one field into another, killing and carrying

Mr. Beard does not think that it ate the mice but simply carried them a short distance and dropped them. He says he could not make out to what species it belongs. In size it was a little larger than the common blueoird and shaped very much like it. It was swift of wing, and would sight a mouse at a distance of a hundred yards or more.

A yearling deer nearly exhausted from long running ran by M. A. Dunlap one day last week as he was coming down Stamping creek. He gave chase on his horse and pressed it so closely that it sought refuge in a pool of water. He plunged in after it and when close to it took the bridle of his horse and securely lassooed it. He brought it home and gave it to R. K. Burns, who didn't have the pleasure of keeping it but a short time until it died from the effects of the chase.

In the Criminal Court of Fayette county, on the 22nd, Clark Lewis and Albert Voiers, charged with the murder of Chas. Gibson, were found guilty and sentenced to be hung on the 25th of June. The Court had already fixed that day for the hanging of Jerry Brown, who assaulted Mrs. Radford at Deepwater last July. Wilbur Slaughter, implicated in the murder of Gibson, was sentenced to the penitentiary for life. The wife of Gibson confessed to murder in the second degree and her sentenced will be fixed later. Quite a number of others belonging to the cutthroat Montgomery gang are under indictment for the murder of Gibson and John Cochran, and it seems probable now that the number of the gang to be hung June 25th will be largely increased. If the Criminal Court keeps up this lick very long the Republican majority

The hay was stacked around a pole, which was also wrenched from the ground and carried with the hay. This approaches nearer to a cyclone than any winds we have ever had here.

The W. Va. University has now an attendance of about 400 students.—There will be at least 500 altogether.

The new president, Dr. Jerome H. Raymond, is a man of great power and ability. He is already immensely popular.

New courses leading to the degrees of Bachelor of Philosophy and Bachelor of Letters have been added, and the regular Classical, Scientific, Engineering, Law, Commercial and Agriculture courses have all been strengthened since last year. One more year of Latin and two more of Greek have been added to the A. B. course, making it one of the highest in the country.

The Greenbrier boys are doing nicely.

Building and Loan Companies.

A case is now pending in our Court of Appeals which is of vital interest to Building and Loan Companies doing business in this State. It went up from Parkersburg where a sale of property was ordered by the Building and Loan Co. for the payment of dues and interest. The plea of usury was put in and the Court of Appeals will, it is said, be called upon to determine whether the Company's contracts made with its stockholders or with those who borrow from it are indeed usurious.

By some building and loan men this is regarded as a test case involving the existence of all the building and loan associations in the State, for none of them can live on simply six per cent. By others it is considered merely a question as to whether the association in this case—a foreign one—has complied with the laws of the State, an opinion of Judge Greer's, delivered some years

On last Tuesday, the 9th inst., our usually quiet little town was wild with excitement when the ringing of bells and shouts of "fire! fire!!" was heard on our streets. After the alarm, it was soon discovered that Dr. F. T. McClintic's house was burning, and there was a general rush to the burning building only to find that the devouring flames were beyond control.—The fire started from a defective flue in the kitchen part of the house and had gotten a big start before being discovered. There was also a terriffic wind blowing at the time, which caused the fire to spread rapidly, and to roar and crackle so as to be heard quite a distance. All of the household goods were saved except the kitchen furniture and some canned fruit, wine and other supplies that were in the cellar underneath the kitchen. Owing to the wind it was thought that some stables and the Presbyterian church nearby

Dr. McClintic's property was insured; therefore his loss will not be a heavy one. He had contemplated building before the fire, and had engaged a great deal of his building material. We have been very fortunate in the matter of fires—this one being the third in the history of our town.

Christmas has come and gone again, and we are standing upon the threshold of a New Year. Will it be one of happiness and prosperity, or one of sorrow and disappointment? Much depends on how we act our part. If we take advantage of the great opportunities it offers of doing good, of rendering ourselves a blessing to society, or in any wise making our lives useful it will certainly be full of sunshine and replete with thrilling pleasurers.

We are having some winter weather. On Christmas morning the thermometer registered 4° aboye zero, and on the night of the same day snow fell to the depth of 4 inches. The snow in the Cranberry country is 10 inches deep and the drifts in many places fiye feet deep.

Nearly all the ice houses in this community were filled with ice during the recent cold snap. The ice was taken from near the mouth of Stamping Creek on the Greenbrier River, where perhaps a hundred men and teams can work without interfering with one another. The ice which was thick enough to hold up heavily loaded wagons gave way to the heavy rains of last Saturday and Sunday and now hardly a vestige of it remains.

widely known citizens of Pocahontas, was severely injured by a fall of his horse last week, and is still in a precarious condition. He was on his way to mill carrying a bag of grain. Opposite the residence of William L. Brown there is a very steep bank. In riding down this his horse tripped and fell throwing him on ahead and the sack of grain on top of him. It is thought that the horse struck him with an upward motion of his head as he fell. Mr. Hevener set the grain up on the road side and started through the fields to head off the horse which had gone back towards home. He had walked and run a good distance when a neighbor shouted to him that he had caught the horse. Just as he stopped he collapsed, and lay in the field on the cold ground until he could be carried home, and was thoroughly chilled. Mr. Hevener is about seventy years old and the acci-

our streets caused great excitement and brought out nearly the whole male population. But while the crowd was making desperate efforts to get to the fire, which was out in the suburbs, Thomas Mann, colored, who lived near Mr. Byrd's, went into the garret and with an axe knocked the burning shingles off into the snow which covered the roof and put the fire out. The loss of a few shingles was all the damage.—The roof caught from fire escaping from an old flue on the inside of the building.

Despite the predictions of weather prophets, March up to the present time has given us a great deal of fine weather. Our farmers have done more ploughing and other farm work during the month than we can ever remember of before.

On last Thursday, the 17th, the dwelling house of Mr. Joseph Riley, who lives near Green Bank, was destroyed by fire. There was nothing saved; everything in the house was burned. Mr. Riley's loss will be a heavy one as he carried no insurance. It is thought the fire was ef incendiary origin.

On Monday night about 9 o'clock, while Mr. Lewis and his family and two neighbors (Alvin Burr and C. A. Mr. Lewis was considerably stirred up over the strange visi-

cry whatever. Mr. Lewis was considerably stirred up over the strange visitation and requested Mr. Burr and Mr. Rodgers to be present on the night following. Therefore the same persons assembled in the room Tuesday night. The blinds were tightly drawn and the conyersation drifted to the disturbance of the night before. While talking it over Mr. Rodgers remarked that it was about time for the ghost. His lips had hardly closed when the house was jarred so heavily that it trembled all over and strange sounds and dreadful groanings seemed to come from the outside near the windows. Mr. Burr put up one of the window-blinds and looked out, when the dismal noises ceased and he saw what appeared to be a white cloud, shaped like a piano, floating in the air within a few feet of the house. Mr. Burr went outside and called to Mr. Lewis to come and see it, but it faded into nothingness before he reached the door. There was no further disturbance. Several persons went to the house on Wednesday night but nothing

house on Wednesday night but nothing out of the common took place and has not since. The veracity of the parties whose names we have given cannot be questioned and they are greatly perplexed and troubled over what they have seen and heard. While we have no solution of it we cannot attribute it to any supernatural agency as some have, and hope that something will develop to clear it up.

On Friday last the unusual spectacle of another sun was seen late in the evening in the western sky. The relentless monster death has again visited us—taking one here and another there.

On last Friday, the 8th inst., Jacob Simmons died at his home near Williams' river, aged about 65 years. It will be remembered he was subject to kleptomania, and while taking some leather from Ellis McCarty's tannery last fall was apprehended, and from that time he began to decline. The crime together with illhealth and family troubles so preyed upon his mind that he gradually wasted away until death relieved him of his sufferings and his soul winged its fiight to the God who gave it, and whose word teaches there is none perfect; no, not one.

On last Monday evening, the 11th, about three o'clock, that dread disease consumption ended the life of Orin Slaven, who lived near Mill Point. It has been but a short time since he worked in the *Times* office at Marlinton, and was looked upon as a promising young man. He leaves many friends to mourn his loss.

On last Wednesday, the 6th, Jacob Kellison, an aged and highly respected citizen, died at his home on Bruffey's creek. His death resulted from general debility and the ills attendant on old age. He was a useful man in the community in which he lived.

On last Thursday, the 7th, Calvin Spence died at the residence of his brother, G. W. Spence, on Greenbrier river, a short distance from here, of epilepsy, aged about 38 years. His remains were interred in the McNeil cemetery on last Friday.

On last Saturday, the 9th, Mrs. Pet Loury, wife of James Loury, died at her home near Huntersville, aged about 55 years. She was an estimable lady, and leaves many friends and relatives to mourn her loss.

There are fine crops of corn throughout this county. In the Levels there will be a heavier yield than for many years. The wheat that is stacked out has been badly damaged by the rain.—T. A. Mrs. Ada Payne is very ill with fever. Wm. T. Beard, James Burnside and Geo. Clark are also confined their to homes with sickness.

On Wednesday morning, the 31st ult., Mr. Wm. Hultz and Miss Amanda Bishop were united in marriage in the Methodist Church in this place, by Rev. J. H. Dills. We extend to this young and worthy couple our congratulations, and sincerely wish them a long and happy life.

Withrow McClintic will open up his lumbering business about the 15th of September. He wants to cut about 15 million feet of Spruce pine. It lies in the Williams river country, and is of fine quality.

W. H. Peyatt, a well-to-do farmer and stock raiser of Montgomery county, Kansas, is visiting his father, Dr. Marshall Peyatt, of this place. Mr. Peyatt hasn't been here since he left thirty years ago. His aged father, who has been in failing health for some time, was greatly uplifted to see him. Speaking of Kansas, he says it is a great State, money tolerably plentiful, crops of all kinds unprecedentedly large and the outlook for the future bright. While deploring our not being up to date compared with Kansas, he admits that ours is a highly favored land and people.

After the marriage ceremony the following dialogue took place between Josiah and Mr. Perry: Josiah—"I'm obleeged to ye, parson, and as soon as I git some corn that is comin' to me I will pay you. During a residence and practice of twenty-one years he has endeared himself to the people and proven himself to be a physician of wonderful ability. The many friends of James Burnside will be grieved to hear of his death which occurred last week at his home near here on Greenbrier river. Mr. Burnside had been a great sufferer from rheumatism and other complicated diseases for a number of years. During the last year of his illness he was unable to walk, and often had to be turned in his bed, but he never murmured, and bore his great affliction with wonderful fortitude. He was a good citizen, an upright and honorable man, who, during his long sojourn here, so let his light shine that others seeing his good works could not help but profit thereby.—Space forbids us to give in detail the life of this noble man. He was aged about 76 years, and leaves a wife and six children to mourn their loss. He was a brother of Mrs. Margaret Wei-

ing fortunes. They have about sixty horses, and not a few of the good ones were traded for in this county. It astonishes one to think of the number of people who throng the camp for the purpose of trading horses, and putting their knowledge of the same against the wily gypsies, who have followed it from time immemorial. Our people generally make satisfactory trades among themselves, but when they tackle the gypsies they nearly always come out at the little end of the horn. A child was born to one of the women, whose serious illness since has caused the gypsy band to remain here longer than they would have done.
